## EDITOR'S CHAIR.

HOW THINGS LOOK FROM  
OUR STAND POINT.The Opinion of The Editor and the  
Opinion of Others which we  
Can Endorse on the Various  
Topics of the Day.

The Cleveland papers continue to charge that Mr. Weaver is in favor of paying to Union soldiers the difference between gold and depreciated greenbacks. This is untrue, for Mr. Weaver opposed putting a plank in the Omaha Platform. But suppose it were true, Mr. Cleveland is in favor of paying the bondholders the difference between gold and the depreciated greenbacks. Which is worse? Which do you prefer? If anybody must be paid the difference, we say pay it to the poor soldier every time. What say you?

What is wealth? The product of labor. Who made our wealth? The labor of the land. How much of this wealth that labor made does labor own? About one-fourth of it. Who owns the other three-fourths? The other fellows that earn their living by the sweat of somebody else's brows. How did they get it? Most of it has been secured by legalized systems of robbery. Name some of those systems. The contraction of the currency system; the monopoly system, in railroads, in telegraphs, trusts, and syndicates; the national banking system; the boards of trade system and many other systems whose practical results are the enriching of the few who plot, connive and speculate at the expense of the many who toil. —The Watch Tower.

We have for some time believed that the just and needed reforms demanded by the people could only be gotten by a union of effort on the part of the South and the West. For months it has been evident that a new political organization was necessary in national politics to accomplish this end. In State and local politics this did not seem to be necessary. Therefore we have advocated and urged the reformers of this State to act with the Democratic party in State and local affairs.

In good faith the reformers of this State decided to follow this course, and it is not our fault that it has become necessary to organize a new party in the State and counties. The people have been forced to take this action or sacrifice their honest convictions and forfeit their own self-respect. The Democratic machine has exerted itself to irritate and exasperate the people. The politicians determined to drive enough of the reformers out of the Democratic party to leave them in control. They have done more than they intended. They have driven the rank and file of the people, the laborers and wealth producers out of the party. They have only a remnant of the party left. They are in full control and the people will never trouble them any more. The politician has just realized what he has done. He has changed his tune and is now begging the people to come back. But the people are now at home in their own party and will stay.

The Cleveland papers are trying to magnify the election in Alabama last week. The gold-bug papers North are glorying over it and say that it means the death of the People's party in the South. Mr. Cleveland writes a letter and says that he is much gratified. Gratified at what? Gratified because a large corruption fund was raised North and sent down to Alabama to buy up the negro vote. Gratified, because the machine politics down there stuffed the ballot boxes and stole the election. It seems that the election was carried for the Democrats by bribery, corruption and stealing. Kobby the people's candidate for Governor, carried a majority of the white vote of the Negro counties went for Jones, the Democratic candidate, and it is charged that the majority counted for Jones in some of the counties is larger than the total number of registered voters. The Democratic party must be in terrible condition when it is forced, or rather stoops to such shifts as this. Reformers should be encouraged in their fight, for this shows how badly reform is needed, and we predict that this is the last time the Democrats will ever carry Alabama. The People's party is needed there, and the people will go into it and save the State.

See a news item and an editorial from the Washington Post in another column on the matter.

People's Party Convention.

(Special Correspondent.)

TEACHY'S, N. C., Aug. 3, '92.

Mr. Editor—Dear Sir: I had the  
pleasure of listening to Capt. Oct.

Coke's speech at Kenansville last

Monday, in which he said the Peo-  
ple's party platform "provided that

(in the event the government should

own all the railroads) all the em-  
ployees on the roads will be dis-  
franchised, and by that means the  
rights of one million of men to vote  
would be cut off." I want to know  
why, if this be true, that it is not  
published in the platform?—In the  
Supreme Court of Missouri as it  
stands, the railroads will be dis-  
franchised, and by that means the  
rights of one million of men to vote  
would be cut off.

This is a sample of the evidence

which the Kolbites claim to have

as a basis for their contention, and  
they had dozens of lawyers in allparts of the State to tender their  
services in the prosecution of their  
cause.

The People's party is a party of the people, for the people and by the people.

The people are in the People's party; it is the only party of the people, therefore it is bound to win.

Gen. Weaver was a vote turner. In his first race for Congress in Iowa the State was Republican by 4,000 majority, he upset this and was elected by a 2,000 majority.

Where was Mr. Weaver during the war? He was on the battlefield doing his duty at the risk of his life, as brave and patriotic Southern Generals were doing. Where was Mr. Cleveland during the war? He hired a substitute and stayed at home.

The Cleveland papers down South are trying to make capital out of the fact that Mr. Cleveland while President vetoed more pension bills than any other President ever had. Now gentlemen be honest, be fair. The whole truth is that he also signed and approved more pension bills than any Republican President ever did. Deny it Dr. Kingsbury if you dare. Now suppose you were on the witness stand and sworn to tell "the whole truth and nothing but the truth," what could you do?

Those who style themselves "straight-out Democrats" have had much to say about reformers, reading nothing but reform papers. They charge that we read only one side and are therefore biased. The fact is that on the one hand the majority of the reformers read both sides, and the strongest reformers we have seen are those who read both sides,—on the other hand the great majority of the "straight-outs" read only one side. They are so intolerant that they can not bear to see, read or hear anything that does not conform to their views. We have had positive proof of this during the last few weeks. There are not many Cleveland men in this section, but quite a number of them have ordered us to discontinue their papers. And some of them did so without paying what they are due. It would seem that these men would take THE CAUCASIAN whether they agreed with it in politics or not, for its full and accurate reports of the local, county and adjoining county news. But so intolerant, prejudiced, hide-bound and narrow-minded were they that they could not bear to read a paper that told the truth and challenged contradiction. They do not want to hear both sides. Are they afraid of the truth? We again urge every reformer to read both sides so that he may know which is truth and which is error.

**YOUNG MEN TO THE FRONT.**

Young men all over the State are flocking to the People's party. This is a hopeful sign. Their energy and enthusiasm for the cause of the people will add impetus to the movement, while the wisdom and experience of thousands of old men will serve to guide in the right direction.

**THE EFFECT IT HAS ON NEGROES.**

**THEY HAVE TRIFFLED WITH THE PEOPLE.**

"Possibly the Alabama negroes who flocked to the Democratic standard had been reading Mr. Dana's force bill screaming 'No'—Washington Post.

[Now would it be strange if the same stuff caused the white people of North Carolina to take the People's party ticket? —ED. CAUCASIAN.]

**WAKE COUNTY.**

The People's party held their county convention in this country Aug. 6th. The gathering was large and enthusiastic. Mr. A. C. Green (State Senator) was made Chairman, and accepted with a rousing speech. The following are the nominees of the convention: For the Senate, Rev. H. W. Norris, for the House, Rufus Barber and R. B. Buffalo; for Sheriff, W. H. J. Goodwin; Register of Deeds, Geo. L. Tonofford; Treasurer, R. N. Wynne; Coroner, Dr. W. E. Gatte; Surveyor, Mr. Stull. The nominees were called upon and made speeches of acceptance.

**THE SAMPSON CO. CONVENTION.**

The People's party convention held in Clinton last Saturday was an eye-opener. Every township was fully represented, and the delegates were representative men. They were the same men who have been representing their townships in the various county conventions for years. There are some men whose horizon extends no further than the corporate limits of Clinton, who were disposed to sneer at the People's party. But they have had an awakening. They now see that there is only a remnant of the Democratic party left. The politician who has been abusing the people, glorifying in his own Democracy, (God save the mark) now thoughtful and dejected. He sees that the machine can not save him. He realizes that he is left. The harmonious and business-like manner in which the convention of the people did its work was a great disappointment to him. The excellent ticket nominated staggers him. Yes, he has learned that the people are not only capable of self-government but have at last determined to manage their own affairs. The politician who was trifling with the people was that there was no use for a Democratic House to pass a free coinage bill, for a Republican Senate would kill it. This was dishonest on its face, for if they wanted to pass the measure they would have done so and dared the Senate to kill it. But to still further show their insincerity, the Senate took up the silver bill and passed it. Then the minions of plutocracy falsely labeled "Democrats" were forced to show their hands and serve their masters. They voted against the people. Even the bill against gambling in futures has failed to pass. On the other hand the appropriations have taken Dr. Kingsbury's advice to join to prevent the reforms of the people.—ED. CAUCASIAN.]

See a later account of the Alabama election in this issue.

**NATIONAL DEMANDS OF THE FARMERS' ALLIANCE AND INDUSTRIAL UNION OF AMERICA, AS ADOPTED AT ST. LOUIS IN 1889.**

That the Democrats join with the "Black and Tan Party" to defeat Reform.

From Wilmington Messenger, June 21.

It may come to pass yet that the Democrats and Republicans may have to get together to save the country from the rule and ruin party of impracticable.

It may become a necessity that the two old parties shall lock shields in opposition to financial cranks and revolutionists who seem bent on destroying the Republic. When the Government is threatened to be transfixed! To a regular huge pawn, the heritance and into a strong and dominant despotism it is high time for the patriots of the country to combine for its salvation.

**THE PEOPLE'S PARTY CLAIM ALABAMA.**

NEW YORK, August 6.—P. G. Bowmen, chairman of the Kolb committee, telegraphs the Mail and Express from Birmingham, Ala., declaring that the entire people's party was elected by at least 30,000 majority. The democratic claim of a small majority, he says, is based on fiction and fraud.—State Chronicle.

**PROHIBITIONISTS ORGANIZED.**

The Prohibition party of this State held their convention on last Thursday and completed their organization. The following is a list of the nominees:

For Governor, James McPherson Templeton, of Wake; Lieutenant Governor, W. G. Candler, of Buncombe; Attorney-General, E. K. Proctor, of Lumberton; Auditor, D. B. Nelson, of Buncombe; Superintendent Public Instruction, R. C. Root, of Guilford; Secretary of State, J. W. Long, of Randolph; Treasurer, J. B. Bonner, of Anson.

A full electoral ticket was also put up. The convention was very harmonious, almost every question being decided by a unanimous vote. A campaign fund of \$350 was raised.

**Guaranteed Cure.**

**"A DEATH-KNELL-BUT WHICH?"**

Congress adjourned last Friday. What has it done for the people? On July 21st we wrote:

"Congress is about to adjourn. What has it done, and what has it refused to do? There has never been since the formation of this government, a time when the people expected more from that body. During the last Congress the Democrats made fierce attacks upon the Republican party. They arraigned them for their extravagance, and for their utter disregard of the interests of the people. The Democrats condemned the large appropriations and made a gallant fight for free coinage of silver against the gold-bug Congress. Every Democrat in Congress except 17 voted for free and unlimited coinage of silver. The people thought these men were in earnest. So at the next election they swept the Republicans out of the House of Representatives, leaving the hands of Democracy a tremendous majority. The people had been told that the paupers and burdensome tax-farmers and the corrupt and vicious financial system had been wiped out by the solid South. But does any one, even the organs themselves, believe all this? And will the dissatisfied elements of the party in Tennessee and the Carolinas feel that Mr. Kolb's experience in Alabama is in the nature of a discouragement to all and have made it the most popular remedy known?

Maj. Johnson cheerfully stated the above facts to a reporter of THE CAUCASIAN, and further expressed his gratitude to Dr. Harmon for the wonderful improvement in his daughter's eyes after having used glasses and remedies of other Opticians with little or no effect.

THE CAUCASIAN is the best advertising medium in this section. Why? Because it has the largest circulation and among the very best classes of our people.

Prof. Collier Cobb has been elected to the Chair of Geology and Mineralogy in the State University. He is a native of this state and has already distinguished himself by his excellent map of our State. He comes to the University from Harvard, where he has been for three years a professor in that institution. Mr. Cobb is a self-made young man, and is fully competent to fill the chair to which he has been chosen.

Our man who has been given to very much talking, who have seen nothing in the Alliance and who have been rather uncomplimentary toward all reformers, have been very quiet since the convention on last Saturday. "The court is gone" is about the only remark we have heard from them. Yes, the country has gone into the People's Party. It has never been in better hands and the people will take care of it.

Very truly,  
T. L. PROUT, County President.

Associate Justice of the Supreme Court, J. J. Davis, died at Louisburg on the night of the 7th. He was sixty-four years old and had served three terms in Congress. He was appointed in 1875 Associate Justice of the Supreme Court to fill a vacancy. Afterwards he was elected for a term of eight years. He was a gallant captain during the war and his death was one of the best known men in the State. He died of paralysis.

FRANKLIN.

The Western Union of the Eastern Capital Association met with the church at 10 a.m. Friday, July 29th. Opening sermon by Rev. C. W. Hopper, of Mt. Olive. Then the Union was called to order by the venerable brother, J. L. Byrd, Moderator, and the business of the Union was transacted. During the session we had a series from Rev. C. G. Wells, Rev. L. T. Novels and Rev. Dr. N. B. Cobb, of Raleigh. After the Union the meetings continued until Friday, August 5th, conducted by Rev. W. E. Crocker, one of the North Carolina's best preachers. Had good meetings. Three additions to the Church.

Well, Mr. Editor, we are having unusual hot weather now, and for the past two weeks. I certainly will be glad when frost comes.

There is a lady in this township sixty-one years old who has never been to an Association, to a Union meeting, nor to a Methodist Conference. We had the Union here, but she didn't "get there." Yours, ELL.

NEWTON GROVE.

Mrs. J. H. Benton has returned after a month's stay at Carolina Beach.

Lots of People's Party men around Newton Grove. We think Weaver will make a good president.

Attention Confederate Veterans.

Fayetteville Camp, No. 137—By previous arrangements for the grand reunion of the Old Veterans of Sampson we have set Tuesday, August 16th, at eight o'clock A. M., to leave Clinton for Camp Hill on the seashore, where we will spend a few days.

There are now good schools at King School-house, with Miss Franki Hines of Faision as teacher; Poplar Grove with Mr. Ernest Hobbs as teacher; Oakdale, Mr. Thomas Sutton as teacher. All are well patronized.

Politics—politics is all that is talked about now and it seems to be "we people" all through here.

DUPLIN COUNTY.

(Special Correspondent)

WARSAW, N. C., Aug. 8, '92.

Mr. Editor—Peace reigns at Warsaw, with the exception of a heated political struggle going on all the time. The Straight Democracy seem to be in full swing, the people are not as bad as we thought.

Newton Grove High School opened the first of August, under the excellent management of Dr. C. W. Corriner.

Also Beaver Dam Academy is on a boat, with Mr. J. E. Fowler as Principal.

The Pending Elder of Wilson District preached on the 6th and 7th at the Methodist church.

Let everybody attack to the St. Louis demands, especially Alliance and our farmers work for their interest.
